

RESOLUTION

ON THE CO-OPERATION OF THE BALTIC STATES IN THE EXPLORATION OF THE BALTIC SEA

The Baltic Assembly

taking into consideration that adequate and timely information about the environment provided by the environment science forms the basis of environmental protection,

regarding that co-operation in the exploration of the sea is advantageous for each of the three Baltic States both from the scientific and the economic point of view,

recommends to the governments of all the three Baltic States:

- 1) to sign a trilateral agreement on the co-operation in the exploration of the Baltic Sea;
- 2) to appoint a Baltic Sea Exploration Commission and to assign it a task of working out and managing the Baltic sea exploration programme;
- 3) beginning with 1997, to implement a joint programme on the exploration of the Baltic Sea;
- 4) to establish a special Baltic Sea Fund to provide financing for the above programme.
